We're looking for a Head Giver who's responsibility it is to pour beers for those doing down-downs. If your interested, step up.

Hash cash is at \$1213, The hash is making money so we voted to have the hares not pay, just buy their flour. We also voted to reduce the price of the Full Moon Hashes to \$5.

Perfect attendance: Bavarian, HO^2, Hot To Twat, Didya Bite My Penis, and Arthur Gash. Redeem your free hash anytime.

Hover suggested we simplify the cost for the Hash de Tucson, so we will. Threw around some ideas about Hash de Tucson and delegated responsibility to get stuff going, T-shirts, dinner, and the like. The start will likely be out west near PCC. There's some interest from out of town hashers so we'll lock down the start soon.

Smokers, be respectful of those in the circle by stepping away from the circle when you smoke.

Trails should not be more than 5 miles without some advanced warning. If more than 5 miles provide a turkey trail and a warning before the hash.

The hash will provide hamburgers, hot dogs, and beer for the 700th hash party following the Sunday hangover hash on March 28th. Hashers will be responsible for bringing a potluck side dish of some type. Remember...chips are not a dish!

Sunday, Feb. 29th is the next hash Kickball game, get with Stud if you have questions.

Mark your calendars for April 18th, Race for the Cure. Costumes are in the works, I can't wait.
