

Mis-Management Meeting March 2nd, 2008

Those in Attendance:

Bearded Clam
Cavity Search
Charlotte the Harlot
Cock Stalker
Did'ya Bite My Penis?
Dr. Whacksalotte
Executive Spread
Fredophile
Half Hash
Leave it to Beaver
Riding Zamboner
S&M&M&M

Items Discussed:

1000th Hash
Hash de Tucson
Treasury/Hash Cash
Haberdashery Report
Old Business
- Post Office Box
- Bank Account
New Business
- Hash Start Time Change
- Bar Checks
- Hares Paying for Flour
- Rocky Point Hash
- Cinco de Mayo Hash

1000th Hash:

There is currently \$562.27 in the account for the 1000th hash. \$200.00 has been reimbursed to Hash Cash. To date, 13 hashers are registered, and there is major interest in the ultra hash. There will be a 200 person cut-off, so register early! Doggie Style and Hover Crap will be attending. There will be no 'ala carte' pricing for the hash and/or party (in other words, you pay one fee regardless whether you show up for the hash, the dinner or both).

Zammy is looking for old pictures of Jhavelina hash events to add to a slide show presentation at the 1000th Party. She and Executive Spread will be checking into various gimmies for this event. The ultra hashers who finish will be receiving T-shirts; if it is decided that T-shirts will be a gimme, then we will make sure that the T-shirts for the ultra hashers will be a different color. It was decided that there will be no pajama pants or wooden mugs. Zammy is looking into flip-flops that have flasks built into the soles of the flip-flops. They will also look into some sort of cowboy hat.

There was discussion of having a live band or a DJ at the 1000th party. Zammie will get further information, as will Fredophile.

Hash de Tucson:

Harlot is still looking for two drivers for the up coming HdT. Drivers are needed to transport beer and food to the 3 & 4th hashes. S&M&M&M has volunteered to help transport hashers. Joystick Cowboy will be heading up the food committee. As a reminder March 15th, is the cut off for early registration.

Treasury/Hash Cash:

There is currently \$1944.00 in hash cash. This amount includes \$514.00 that Penis and S&M&M&M have, \$680.00 cash that Cavity is holding; \$500.00 that will be reimbursed from the haberdashery; \$200.00 that was reimbursed from the 'loan' to the 1000th hash; and \$50.00 advance money that Zammy has for purchasing snacks.

Haberdashery Report:

There is \$500.84 in haberdashery funds. There are still some "Bella" t-shirts available. During the month of April, Executive Spread will be selling raffle tickets (25 cents each) for these shirts.

Old Business:

- Post Office Box:

There was discussion about the hash getting its own Post Office Box for use when receiving regos for various events. This idea was tabled from the last meeting. It was decided that we will not get a post office box, and responsibility for any lost or stolen checks will be that of the person sending the check, not the hash.

- Bank Account:

There was a discussion about the hash getting or having a bank account for Hash Cash. This idea was tabled from the last meeting. Cavity looked into the idea and found that we could setup the account in someone's names without any problem. The account would be setup at a bank or credit union and would be capable of two or three people having access. This would allow a continuous accounting and monthly statements of all transactions from the bank. Beaver has agreed to set this account up for a test period for the Hash de Tucson. If it works as planned the account will be used for Hash Cash.

New Business:

- Hash Start Time Change:

Beginning the first week of April, hashes will begin at 4:00 p.m. In May, start time will switch to 5:00 p.m.

- Bar Checks:

Discussion was held as to whether we should raise the amount of money for all approved bar checks. Hares will now be allowed \$3.00 per hasher for the bar check, instead of \$2.00. It was also decided that a maximum of 15% tip will be allowed. Tips are included in the \$3.00 per hasher amount.

- Hares Paying for Flour:

Hares hash for free; the cost of flour will NOT be reimbursed, since you are getting a free hash.

- Cooler Checks:

Hares can be reimbursed up to \$20.00 for a cooler check. Please check with the Beer Meister if you plan to have a beer check on your trail and plan to use your own cooler(s). The hares are responsible for purchasing their own beer and getting reimbursed for up to \$20.00. Penis has offered to get the beer if given more than a week of advanced notice.

- Rocky Point Hash:

Zammy will be sending out information on a Rocky Point hash. Although this will not be an 'organized' event, information will be sent out as to date of the hash, and anyone interested will be on their own as to food, drinks, hotel, or etc.

- Cinco de Mayo Hash:

Cinco de Mayo hash will be held on Saturday, May 3rd. On-afters party will be at Dr. Whacks' home. It was decided that due to so many other events up cumming, we will have a potluck dinner for this event.
