Joy Stick Cowboy
Klitty Litter
Leave it to Beaver
Men at Work
Non-Skidski Butt Plug
Pickle Packer
Riding Zamboner
S&M&M&M
Stella the Udderly Bi-Fella
Tour de Bone

Items Discussed:

Treasury/Hash Cash Report
Haberdashery Report
Hash de Tucson Report

Old Business

- 1000th Hash
- Bank Account
- Hash Start Time Change Reminder
- List Serve Banning Committee
- Previous Hash Cash Accounting

New Business

- \$6.00 Hash Approval
- Checks for Weekly Hash
- Checks for 1000th Hash
- Hares Needed for April Full Moon

Treasury/Hash Cash:

There is currently \$1,629.00 in hash cash. This amount includes \$939 that Penis and S&M&M&M have, \$680.00 that Cavity is holding and \$10 that the Hash is owed (\$5.00 by Princess and \$5.00 by Illegal Entry). This does not include the \$500.00 still owed by the Haberdashery.

Haberdashery Report:

There is \$500.84 in haberdashery. (Note: Executive Spread was not present at the meeting and this figure is from the March 2008 Mis-Management).

Hash de Tucson Report:

What a glorious event this turned out to be. By the end of Saturday, there was exactly 69 Hashers signed up for Saturday's events. Although the Hash de Tucson is not a money making event, thanks to the frugality of all involved we ended up with a profit margin of \$356.55. That of course will be included in the Hash Cash account next month. The four or five left over gimmie bags will be donated to the Haberdashery.

Old Business:

- 1000th Hash:

At the start of Mis-Management, we already had 74 Hashers signed up for this one. No doubt this is going to be another fantastic event. Don't forget to sign up as soon as you can to take advantage of the lower pricing and ensure you get the gimmies.

- Bank Account:

The Hash Cash Bank account was setup and used for the Hash de Tucson on a trial basis. This worked very well and will be used for the Hash Cash and Haberdashery. We now have an account that the Hash Cash and one alternate will have access to. The Haberdashery will have access to a sub account off of the primary account. This will allow a continuous accounting and monthly statements of all transactions from the bank.

- Hash Start Time Change Reminder:

Beginning the first week of May, start time will switch to 5:00 p.m.

- List Serve Banning Committee:

As Bavarian Cream recently pointed out in an email; a few years ago there was a problem with people arguing back and forth over the Jhavelina email list serve (Spamming the entire group). This was deemed unacceptable and a committee was formed. The committee was comprised of Bavarian Cream, Dr. Whacksalotte and Hot-to-Twat. Because of the recent list serve activities, they will once again start monitoring the Spamming problems and ban people from the list serve if necessary.

- Previous Hash Cash Accounting:

During the later part of 2007, there was a problem with Hash Cash where it appeared that several hundred dollars had just disappeared. After a few very painstaking months, where the previous Hash Cash refused to cooperate in any way to get a proper accounting, we proceeded with having two separate accountings done. Everyone needs to understand that no one was ever accused of stealing the money; we were simply trying to figure out what happened to it.

One accounting that was done for the last four months of 2007 showed that there was around \$700.00 missing. The other accounting that was done for the entire year showed there was around \$1,000.00 missing. All of this information and more was presented to the Mis-Management group present and although there were some very mixed feelings, in the end the group decided to let bygones be bygones and simply move on with what we have. There will not be any further discussion about this topic at any future Mis-Managements.

We have however; put things in place to ensure this does not happen again. For example; the joint bank account as stated above; a full accounting every month of all cash in and out of the Hash Cash; and last but not least I Love Fat Chicks has volunteered to conduct a monthly audit of the Hash Cash and the Haberdashery.

New Business:

- \$6.00 Hash Approval:

Dr. Slow Ride will be haring on April 19th, and requested a vote to have a \$6.00 Hash so he could have a beer check(s). The \$6.00 was voted on and approved.

- Checks for Weekly Hash:

Hash Cash will not accept checks for regular hashes.

- Checks for 1000th Hash:

The 1000th Hash and other such events will accept checks.

- Hares Needed for April Full Moon:

Bavarian let everyone know that Hares are needed for the Full Moon on April 20th.
