

## Mis-Management Minutes for July 1st 2007

### Those in Attendance

Bavarian Cream  
Bimbo by Day  
Cavity Search  
Charlotte the Harlot  
Cock Stalker  
Deep Dish  
Dr. Slow Ride  
Executive Spread  
I Love Fat Chicks  
I Rubbed a Rod  
Master Meat Finder  
Men at Work  
Papa Don't Peek  
R U My Daddy  
Red Headed Woodpecker  
Sextortionist

Thanks to all those who attended the Mis-Management. The attendance more than doubled from last month. It shows that we have wanks that actually care about what is happening in the hash and how the hash is functioning or is that mis-functioning.

### Items Discussed:

Haberdashery Report  
- Arizona Hash Shirts  
- Hash Sponsor  
Treasures Report  
- Beer/Cooler Checks  
- Bar Checks  
- Summer Party(ies)  
- Christmas Party  
Hash Count Update  
Hash Perfect Attendance Update  
Hash Hare Patches Update  
October Hash De Tucson  
Bisbee Red Dress  
Jhavelina Red Dress/Erections  
Next Mis-Mismanagement

### Haberdashery Report:

There is approximately \$300.00 dollars on hand. We are about to order shirts and other items that can be sold. If you have any idea please bring them up to me or Penis Colada.

### - Arizona Hash Shirts:

Slippery Beaver from Sierra Vista is working on shirt that will include all Arizona Hashes. I have seen the example and the shirt looks really good. He is trying to get regular tees and tank tops (muscle shirts). Slippery will be getting a price list so we can order them for the Haberdashery.

- Hash Sponsor:

While running this last month on trail, we entered Eddies Bar. The Barkeep approached me and said they wanted to join our group and that the Bar Owner "Eddie" was looking to sponsor groups such as ours. We have decided to approach Eddie and see if he will defray some of the cost of our shirts. I will keep everyone advised on this issue.

Treasures Report:

Our treasury currently has about \$3,000.00 in it. Don't worry I have already heard several comments about how we are not a profit organization and the treasury should never have that much money it, etc. etc. etc. Although your thoughts and opinions are appreciated, we have already decided to alleviate the excess amount of monies. Our intention is to give back to our Hash community. The following are some examples of how we are going to achieve this.

- Beer/Cooler Checks:

Beer/Cooler Checks are always appreciated especially in the summer. The hash was previously paying up to \$20.00 to the hares for the checks. We have upped that amount to \$40.00. Of course the amount paid out is contingent on the receipts turned in. Remember it's hot in the summer so throw in a bunch of water too.

- Bar Checks:

A Bar Check has always been an additional cost to the hash. For example if the hares wanted to have a bar check they would have to ask for a \$6.00 hash at Mis-Management. The hash Treasury would then pay up to \$3.00 per person for the bar check. We have decided that the hares no longer have to ask to have a bar check. If the hares want to have a bar check or checks we will not raise the hash to \$6.00. Instead we will pay the normal \$5.00 and the Hash Treasury will pay up to \$2.00 per person for the check. It is the hares responsibility to ensure the cost of the bar check or checks do not exceed the \$2.00 per person. If the bar check or checks does exceed \$2.00 per person the hares will incur that additional cost.

Please Note: This does not include the Full Moon Hash which will remain a \$6.00 Hash with the procedures as explained above.

- Summer Party(ies):

There will be at least one if not more summer parties for our Hash community. These parties will be free of charge to all who attend the Hash that day and include beverage and food. The parties Will Not be advertised (So that people who rarely if ever come out don't show up just for the free food and drink). As always on-afters will be publicized, but at the end of the hash the free party and actual location will be announced. The volunteers who have already signed up to arrange the parties will decide when and where they will be.

- Christmas Party:

The Hash will be having a Christmas Party this year. A good portion of the excess funds that we have will be used on that event. We will have further discussion on this topic at our next few Mis-Managements. If you want to be involved in the planning you need to be at them

Hash Count Update:

Sextortionist is still working on this list. Hopefully if she has time it will be done in the next month or so. Please be patient.

Hash Perfect Attendance Update:

Sextortionist has been keeping tabs on this since the second week in June (when the last minutes came out). Once someone has reached perfect attendance (six consecutive hashes) she will let them know by giving them a free hash.

Hash Hare Patches Update:

I now have the Hash Hare Patches and after I go back and check the list I will start awarding them during circle. The patches are for 5 times haring, 10 times haring and the Experienced Hare will be for 15 or more times haring.

October Hash De Tucson:

The Hash De Tucson this fall will be on October 26th, 27th & 28th. The following people have already volunteered to hare – Didja Bite My Penis & Redheaded Woodpecker, Sextortionist & I Rubbed a Rod, Executive Spread and Cock Stalker. We still need at least two more hares for that day along with hares for the Pre-lube and Hangover Hashes. We also need volunteers for all the other functions (e.g. food, party afterwards, transport drivers, beer angles, etc.). Please let me know if you want to volunteer. Your help is always appreciated.

Bisbee Red Dress:

The Bisbee Red Dress is on August 18th. More of the Jhavelina Hash will be participating in that event, however, we still want to have a regular Jhavelina Hash in Tucson, so unless we have volunteers to hare and basically run the show it will be a pick-up hash. If you are staying Tucson that day and want to hare please let me know.

jHavelina Red Dress/Erections:

This issue has once again been addressed. There are apparently several people in the hash that do not want the Red Dress to be in July because of the extreme heat. Since the Red Dress also affects the Hash Erections. Further discussion of this topic has been tabled until the next Mis-Management. This is so that all of you can have a say. Think about what the best dates are for both events and bring them to the table. We want these dates to be permanent or at least until they are changed by another group...

Next Mis-Mismanagement:

The next Mis-Management will be at the Red Garter on Sunday August 4th at 7 PM (Please note the Time). The pick-up hash will start at 6 PM.

May the Hash go in Peace and may the Hash get a Piece.

On-On
