

well there was a moderate amount of bitching about this and that and him and her
but the main points were: Thanks to HasHidDick for hosting us!

We need Hares! For this Saturday, next Saturday, four Saturdays from now.... Let Neutered know before
we have to activate the hare lottery again.

Hash Cash: about 100\$ cash + (i think) 1041\$ in the bank

Hash de Tucson, Nov. 6,7,8:

- Start of Saturday's hashes: George Mehl Park
- We have hares for everything pub crawl: Stella, Half Hash, Cavity
- 1'st leg: Did'ya, Bavarian
- 2'nd: Woodpecker
- 3'd: Follows and Swallows and Twice Smitting Always Spitting
- 4'th: Dr. Whacksalotte
- hang over: 2 Men 1 Crust

- Cavity promised to get someone to oversee the organization (making sure things go smooth, accounting, etc.)

If you want to offer some help, we always can need more people for on day registration, food, party set
up, and we still need shuttle drivers from the overall start to the start of individual legs (you don't have
to drive for all legs but can do it just for a few). let me know.

We voted against making the MM pick up hash an officially counted hash (2 for, rest voted against)

We voted for keeping old receipts (2008 and before). Did'ya is the official jArchive. (2 against, rest voted
for).

The start time will be moved to 4pm beginning with the Pirate Hash at Sept. 19. It will be moved to 3pm
after the HdT (beginning Nov. 13'th)

Food bank hash will be Sept 26'th. You can donate three or more units of non-perishable food (cans)
or pay 5\$ for the hash. All donations and cash will be given to the Foodbank.
(I don't think beer cans are acceptable...)
