

Mis-Management Minutes for August 5th, 2007

Those in attendance:

Bavarian Cream
Bimbo by Day
Cavity Search
Charlotte the Harlot
Cock Jaw
Dr. Slow Ride (Had to leave as the Meeting Started)
Executive Spread
Flying Booger
Just Chuck
Leave it to Beaver
Men at Work
Ms. Chokes on Dick
Pick-n-Flick
Redheaded Woodpecker
Stella the Udderly-Bi-Fella

The Mis-Management turn out was good, but we could still use a little few more people with input. Remember if you want your vote to count you must be present at Mis-Management. If you can't make Mis-Management and want something brought up send me an email and I'll bring it up, but no one can vote for you. If you are not there then you don't get to hear all the information relayed back and fourth and your vote could change, so you must be there for your vote to count.

Items Discussed:

Haberdashery Report
Treasury Report
- Tables and Chairs
- New Coolers
Mis-Management vs. Other Events
2008 Red Dress
2007 Hash De Tucson
- Volunteers
Hare Patches
Smoking in the Circle
Up Grade in Beer and More Bitch Lickers
New Phone Line
Hare Snare (Beer and Floured)
Pack Signs/Marking Trail and Blowing Whistles
Presenting Whistles and/or Lanyards at Namings

Haberdashery Report:

Penis Colada was not at Mis-Management, so we can only assume that there is still around \$300.00 in the Haberdashery. Penis Colada please call me or email me as soon as you can.

Treasury Report:

There is still a little over \$3,000.00 in the Hash Cash. Not to worry though the surprise unannounced Hash Party is coming up sometime within the next month. Make sure to show for the Hashes so you don't miss out. Also the Hash Cash is going to alleviate some of the expense of the Hash De Tucson. More to come on that subject.

- Tables and Chairs:

Previously when tables and chairs were needed for a hashing party, myself and others would lend our personal stuff out. With the current amount of monies in Hash Cash, it is now time that the jHavelinas purchase their own. We just need a place to store them. Any volunteers???

- New Coolers:

Some of the coolers have seen better days and need to be replaced. Cock Jaw has been tasked to replace them. The money for the replacements will of course come out of Hash Cash.

Mis-Management vs. Other Events:

Mis-Management is once a month and is almost always the first Sunday. The only exception is when there is a holiday on Monday like next month, and then Mis-Management will be held on the Tuesday after that Sunday. The point is; it is a planned event that most Hashers should try to put on their Schedule. Realizing that each of us are individuals with individual lives and jobs and sometimes life gets in the way of us participating in things like Mis-Management, I don't think there is necessary for individuals in the Hash to plan other events that would draw participation in Mis-Management away. Enough said.

2008 Red Dress:

This item was tabled from last Mis-Management with hopes that further discussion would help resolve the dates of the Red Dress and Hash Erections. For now the date will remain as the weekend after the 4th of July for the Red Dress, which means Hash Erections will be the weekend before the 4th. If you want any say in changing this date or keeping it the same you must be at the next Mis-Management. From then on the dates will be set in stone.

2007 Hash De Tucson:

The date for up-coming Hash De Tucson was set for October 26th, 27th and 28th. A few people wanted it changed to the first weekend in November. That idea was voted down, but has been table until next Mis-Management, so that others in the Hash might come out and give some

input. Like the dates for the Red Dress and Hash Erections after this next Mis-Management the dates will be set in stone.

- Volunteers:

Flying Booger and Pick-n-Flick have volunteered to be in charge of the Logistics for the upcoming Hash De Tucson and to run the entire Hash De Tucson in the spring of 2008. Thanks to you both.

Leave it to Beaver volunteered to head up the Food Committee for the upcoming Hash De Tucson. She is going to need a lot of help. Anyone interested in helping her out, please email heart dartter@theriver.com. And Beaver thank you too.

I will be taking on the roll of coordinating the hares and running the committee for selecting and getting the giveaways for the upcoming Hash De Tucson. Anyone interested in helping me select the giveaways or just want to give some ideas, just email me at chashang1@theriver.com.

Hare Patches:

There apparently was a little confusion about the Hare Patches vs. the Hash Count. The Hare patches will be given out to all who have earned them. I will get the historical information for as far as I can go back to come up with who is entitled to the Hare Patches. The hash count on the other hand has been taken care of by Sextortionist. Coming soon each hasher will be able to see approximately how many hashes they actually have (keep in mind that two years of historical data was lost a few years back, which is why it is approximate).

Smoking in the Circle:

Recently two wankers entered the circle to drink for an award and both had burning cigarettes in their hands. At the time no one said anything to them, which I should have done, but a lot of people noticed. This is for everyone... It is your choice to smoke or not to smoke; most people are courteous enough to stand away from the circle if they smoke and that is appreciated. If you smoke please do not enter the circle with a lit cigarette. If you do, myself or the pack will embarrass you in some way.

Up Grade in Beer and More Bitch Lickers:

The idea was made that we need to upgrade our beer, although no suggestion was made to what beer to upgrade too. Any thoughts on this would be appreciated. Also, it was brought up that there has not been enough soda, bitch lickers and/or non-alcoholic beer on hand. That problem has been rectified. Thank you Cock Jaw.

New Phone Line:

Cock Jaw volunteered to take on the responsibility for updating the new Hash Phone Line. We will let everyone know when it is established. Again, thank you Cock Jaw.

Hare Snare (Beer and Floured):

There has been a worry about Hares being beer'd and floured if they are snared. The idea was that it might scare off "would be" new hares. That has been one of those jHavelina traditions that goes back to when the jHavelinas first started and was voted to stay the same. We have a lot of short cutters and possibility for being snared is always there. Experienced hares are aware of that and need to keep that in mind when teaching new hares. Besides, beer and flour are temporary, they both washout very easily.

Pack Signs/Marking Trail and Blowing Whistles:

There has been a recent increase in front runners not marking trail and/or blowing their whistles. The people following the front-runners, especially the ones at the back of the pack, would really appreciate better trail marking and blowing of the whistles.

Presenting Whistles and/or Lanyards at Namings:

During last Mis-Management the idea surfaced that we should give lanyards to virgins. This idea has morphed. Instead of giving lanyards to virgins, who might never come back, we have decided to give the lanyards and possibly whistles or other such thing to those being named. We need some more input on this idea. Harlot has volunteered to head up this idea and to laminate the cards for the lanyards. Thank you Harlot. Please email your ideas about this to her a harlot777@aol.com.

The next Mis-Management will be at Hooters on Tanque Verde, Tuesday, September 4th, at 7 PM. Pick-up has will start at 6PM.

May the Hash go in Peace and may the Hash get a Piece.

On-On

Cavity Search : -)
